

## Round extension

Catalog number: 7201

EAN: 8606008732268

### Application

- Adjusting grate height by cutting round extension

### Technical information

- Material: PP
- Dimensions: Ø132x100mm
- Weight: 100g

### Logistic information

- Package: 10 pieces / 50 pieces
- Package dimensions: 670x200x130mm / 710x310x410mm
- Package weight: 1kg / 5,7kg

### Specification

- Desired grate height is achieved by cutting round extension
- By rotating the round extension the grate is placed at the desired position
- Maximum height of the round extension is 100mm
- Minimum height of the round extension is 20mm
- Tight joint of the round extension and the grate frame ensures safe and precise installation
- Sealed joint between round extension and grate
- Drainage channels ensure that water that appears outside the round extension goes into the drain
- Bigger height is achieved in combination with extension for waterproofing holder
